Re: Officer Darrin Adams

Honorable Alsobrooks,

As Chairman of the 23<sup>rd</sup> Judicial Drug Task Force, I am requesting a neutral agency to investigate an issue brought forth by News Channel 5.

According to the footage shown by News Channel 5, it appears that Officer Adams made a traffic stop that was not based on reasonable doubt or probable cause.

I requested the raw video footage, not just the edited version from News Channel 5. I think it would be prudent with this situation that a neutral agency review the raw footage of the traffic stop to determine if the stop was legal. I have enclosed a copy for review.

As you are aware, perception sometimes becomes reality without a proper investigation.

If you need any further information please contact my office.

Sincerely,

Ricky Chandler  
Public Safety Director  
City of Dickson
